

CORErailing™ - ASSEMBLED PANEL RAILING SYSTEMS

The **Elite CORErailing Aluminum Railing System** delivers the perfect combination of style and strength. Crafted from high-quality aluminum and powder-coated to the highest standards, it provides long-lasting durability with virtually no upkeep. It will not rust, warp, crack, or require painting, and it stands up beautifully to the elements year after year. CORErailings are powder coated to exceed AAMA 2604 standards for superior durability. The modern, post to post design complements any property. CORErailing is assembled for easy installation and cost effectiveness. All CORErailings are backed by a limited lifetime warranty.

- **Assembled Panels for Easy Installation**
- **IBC- Chapter 16/ASCE-7LIFE SAFETY Testing**
- **Engineered for TESTED Performance**
- **3-Part Submittals Available**
- **Residential, Commercial and Multi-Family Applications**
