

PRIVACYGard™ ALUMINUM - T&G 2x3 and 2x6 Vertical and Horizontal

When privacy matters, choose **Elite PRIVACYGard Systems**, part of the **Elite COREGard Architectural Products** brand of **Elite Fence Products**. Our **ALUMINUM** privacy solutions are built from premium aluminum with a minimum strength of 35,000 psi and powder coated to meet the highest AAMA 2604 standards. Designed for lasting performance, they resist rusting, warping and cracking, all without the need for painting or constant upkeep. With clean, modern lines that enhance any property and simple installation, Elite PRIVACYGard delivers both style and strength. Our aluminum PRIVACYGard Fences are wind-load engineered and tested using plated and in-ground posts, ensuring high-performance, professional-grade construction.

- Vertical and Horizontal Styles
- Hidden Fasteners Provide a Clean Look
- ASTM E330 Uniform Wind Load Testing
- ASCE 7-10 Wind Load Analysis
- 3-Part Submittals Available
- Uses Include: Pool Fences, Shared Balcony Dividers, Restaurants, Hiding Machinery, Concealing Dumpsters
